

Bespoke product packages

To make ordering easier we have put together two gift packages to cover a range of our most popular products. We offer two packages, the **Cocoa Treasures Full Package** is a mixture of silk scarves and fashion accessories as well as a large selection of soft touch velvet counter top gifts which will appeal to the general public and covers a wide range of price points. The **Cocoa Treasures Gift Package** is a range of counter top gifts again which will appeal to the general public and covers a wide range of price points. All products will carry your establishments woven label and can carry your branding if required on product literature at no extra cost. Full details of each package below.

All created, printed and hand finished in the
Cotswolds using the finest materials.

Your Treasured Artwork

What we do

We will work with you to identify artworks from your collection that we feel are suitable for our packages, artwork that will reproduce well and scale to fit the various products or have textures to create patterns or designs. Cara is a trained fashion designer and Colin a graphic designer both with many years experience, guiding you to ensure you get beautiful quality products reflecting your establishment.

Once agreed we will require an high resolution digital image of each of the pieces to capture onto our system. There is a one off fee for capture and evaluation of each image and all product design. This is not charged on subsequent orders. Photography can be arranged if required and this will be quoted separately by our photographer. Once captured our designers will create designs for each of the individual products within each package and submit digital proofs back to you for approval. Once the proofs are approved we will print and then hand finish your products and deliver usually 6-8 weeks from proof approval.
